Code ⌄

```python
colors = ['red', 'green', 'white', 'black']

length = len(colors)
print("Original list:", colors)
print("Traverse the said list in revers order with original in

for i in range(length - 1, -1, -1):
    print(f"Index {i}: {colors[i]}")
```

```
Original list: ['red', 'green', 'white', 'black']
Traverse the said list in reverse order with original indexes:
Index 3: black
Index 2: white
Index 1: green
Index 0: red
```
